

SEN Teacher (Workshop/Practical Skills)

Full time/Part time

We are looking for someone who can:

- Help motivate and encourage learners to engage with learning
- Demonstrate techniques for engaging with SEN students using a range of technical and/or craft skills such as joinery, brickwork, motor vehicle, painting & decorating etc
- Support practical activities with colleagues
- Show empathy and understanding towards disadvantaged young people
- Work on their own initiative and provide innovative approaches to engaging young people
- Work as part of a multidisciplinary team
- Demonstrate good communication skills
- Further develop your own professional skills
- Use basic computing packages through the Google platform
- Prepare session plans and schemes of work
- Provide one to one and group study skills tuition to students enabling them to develop independent learning strategies
- Be able to adapt approach according to the changing needs of the individual learner you are supporting whilst working within the Skills Centre PLUS' Quality Assurance Framework
- Be flexible in their approach to working hours. Occasional travel may also be required

A driving license is essential for this role

This is an exciting opportunity for someone that would like to establish themselves as a lead teaching practitioner and gain experience working with teams to develop innovative approaches to curriculum design and delivery.

If you are interested then please contact our Russ Nixon (Principal) for more information.
